Information console

gvSIG had an unexpected problem. Current process was aborted.
Error message is:

[-]

! PSQLErrorException: ERROR: syntax error at or near "MR"
(PSQLErrorException.java)

✉ If this message does not help avoid the problem, it's recommended
(once your current session is over) to send the log file to the gvSIG
team. Log file is located here::

C:\Users\RAS\gvsig\gvSIG.log

Ok Do not show this message again
