It's true, doesn't work.

This error is important, I will try to fix it as soon as possible.

#2 - 08/29/2012 01:23 PM - Francisco José Peñarrubia

- Status changed from New to In progress

This one has been quite hard....

The problem is related to PROJ_LIB environment variable. It seems it was bad configured (in windows, quote should disappear).

#3 - 08/29/2012 02:00 PM - Francisco Puga

- Status changed from In progress to Fixed

- % Done changed from 0 to 100

Applied in changeset r38799.

#4 - 08/30/2012 12:09 PM - Francisco Puga

To test the changes:

In Windows:

Download [this .exe](#) file and overwrite the original in your gvSIG installation

In Linux

Download the [gvSIG.sh](#) launcher and overwrite it in your gvSIG installation

#5 - 09/21/2012 01:29 PM - Juan Lucas Domínguez

Thanks for this bugfix. We also had this problem in gvSIG 2

#6 - 02/20/2014 10:21 AM - Álvaro Anguix

- *Project changed from Application: gvSIG desktop to / gvSIG desktop 1*
- *Target version deleted (1.12.0-final)*
