Add-on version:				

Description
Allow editing of timestamp fields in attribute table

History

#1 - 01/31/2013 04:53 PM - Juan Lucas Domínguez

- Status changed from New to Fixed

Support for editing of Timestamp type fields in attribute table

gvsig-tools:r726

gvsig-desktop:r39691

Parsing is as follows:

(1) Try to parse using standard format: (probably : yyyy-mm-dd hh:mm:ss.fffffffff)

(2) If (1) fails, then try to parse as a long (milliseconds from 1/1/1970)

(3) If (2) fails and input is string "now", then set to System.currentTimeMillis()

If (3) fails, then an error message is shown and user must change input.

#2 - 02/26/2014 12:43 PM - Álvaro Anguix
