

gvSIG CDT Board - Task #1723

Task # 1719 (Closed): Incubación en OSGeo

Realizar revisión para incubación OSGeo del proyecto org.gvsig.tools

04/09/2013 03:06 PM - Cesar Ordiñana

Status:	Closed	Start date:	04/09/2013
Priority:	Normal	Due date:	
Assignee:	Cesar Ordiñana	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour

Description

The gvsig tools library is divided in the following subprojects:

- org.gvsig.tools.lib: framework related utilities.
- org.gvsig.tools.swing.api: UI framework related utilities API.
- org.gvsig.tools.swing.spi: UI framework related utilities SPI.
- org.gvsig.tools.swing.impl: UI framework related utilities implementation.
- org.gvsig.tools.swing.serv.jform: service to create forms for DynObjects.
- org.gvsig.tools.swing.serv.field: service to create form fields for DynObjects.
- org.gvsig.tools.swing.serv.jlist: service to create form fields of type list for DynObjects.
- org.gvsig.tools.main: showcase and testing application.

Code Provenance Review

Code Copyright Review

- All files belong to the gvSIG project, so no copyright issues. All file headers updated and uploaded with the command::

```
mvn license:format
```

- Copyright holders: **gvSIG Association**

Library/Component Review Process

- There are not any external components in the source code of the project.
- Created and updated maven site with the command:

```
mvn site-deploy
```

- Dependencies without defined license in the maven configuration, but found to be compatible:
 - SLF4J: MIT (COMPATIBLE).
 - Easymock: Apache 2.0. (COMPATIBLE). This library is used only for testing purposes, and we don't distribute it with the gvSIG binaries.
- Dependencies with incompatible license:
 - junit: CPL v1.0. Anyway, this library is used only for testing purposes, and we don't distribute it with the gvSIG binaries.
 - flib-jcalendar: Artistic License 2.0.
