Autopolygon tool doesn't work

05/17/2013 01:52 PM - Manuel Madrid

Status: Closed	% Done: 0%
Priority: Urgent	Spent time: 0.00 hour
Assignee: Ignacio Brodín	
Category: Vector editing	
Target version: 2.1.0-2217-devel	
Severity:	Add-on version:
gvSIG version: 2.0.0	Add-on build:
gvSIG build: 2066	Add-on resolve version:
Operative System:	Add-on resolve build:
Keywords:	Proyecto:
Has patch: No	Hito:
Add-on name: Unknown	

Description

1. Open a view
2. Load a polygon layer (SHP)
3. Menu Layer>Insert>Autopolygon
4. Draw a polygon near an existing one
5. The shape of the new polygon should be adapted to the existing one limits but it doesn't.

#2 - 09/23/2013 05:44 PM - Juan Lucas Domínguez

- Status changed from New to Fixed

I think this problem was solved when fixing #1450

This option acts when the new polygon intersects/contains an existing polygon.
