<b>Add-on name:</b>	Unknown		

#### Description

1. Create a view in CRS EPSG:4326
2. Load some layer (a mapamundi for example)
3. Create a map.
4. Insert the view.
5. Insert a scale.
6. Check that the scale is wrong (it doesn't fit with the view scale).

#### History

##### #1 - 01/10/2014 10:30 AM - Juan Lucas Domínguez

- Status changed from New to Fixed

- Assignee changed from Ignacio Brodín to Juan Lucas Domínguez

This bug was fixed in previous commits.

The scale in the map does not match exactly the scale in the view because of different window ratio and different DPI.

##### #2 - 01/13/2014 09:30 AM - Joaquín del Cerro Murciano

- Target version changed from 2.1.0-2223-rc1 to 2.1.0-2217-devel

##### #3 - 01/27/2014 04:08 PM - Álvaro Anguix

- Status changed from Fixed to Closed
