Description

After starting editing layer, I have fill in an attribute of the table (champ),
After finishing edition, the application don't save my modifications.
I have somme errors in relation with Java perhaps.
See the capture attached.
Thank you for your help and your answer

Hello, thanks for reporting this issue.

I need more information to fix the error. Plkease do this:

- Close gvSIG if it's running
- Delete the folder C:\Users\- Start gvSIG and do the operations that cause the problem
- Close gvSIG and send the file "C:\Users\

Thanks.
