Description

When we load a layout template and insert elements on it (views, texts, north...), if we save the project and open it later the elements of the layout have disappeared (sometimes they appear but some of them are not in its original place).

I attach a layout template, the project and the log file.

History

#1 - 02/27/2014 10:54 AM - Álvaro Anguix

- Description updated
- Category set to Document layout
- Assignee set to Juan Lucas Domínguez
- Priority changed from Normal to Immediate
- Target version set to 2.1.0-2221-testing

#2 - 02/27/2014 01:33 PM - Juan Lucas Domínguez

- Status changed from New to Fixed

This has to be tested in BN 2221 because there is an important change.

Fixed loading of layout template.
