Operative System:	Add-on resolve build:
Keywords: area, perimeter, measure, unit	Proyecto:
Has patch:	Hito:
Add-on name: Unknown	

Description

Table > Add measure > Area/Perimeter calculate in the map/layer unit (e.g. degree), instead of the view units such as *area()* and *perimeter()* in the Field calculator (e.g. meters and squared meters). See also #2711.
