Description

I've edited a dxf file (dxf2000), and when it's saved the new elements are not saved.
I attach the log file.

- Status changed from New to Invalid

Lo pongo como invalid porque en la edición vectorial nueva no ocurre.

El problema estaba en que la edición antigua siempre creaba multigeometrías (p. ej. si la geometría era una CURVE, creaba una MULTICURVE) y el proveedor de DXF no las admite.
