Description

The derived geometries tool have created the first polygon but errors have appeared in the second or third one and they hasn't been created. The layer hasn't been saved correctly then.
It has happened in several computers.
I attach the log file.

Corregido error al finalizar el proceso.

En resumen:

La primera ejecución la realizaba de forma correcta pero dejaba el featureStore ocupado impidiendo así que las siguientes ejecuciones del proceso no pudieran realizarse de forma correcta.

Se ha añadido un featureStore.dispose() al finalizar el proceso que libera todos los recursos asociados.

Error corregido en la versión 1.0.3-7 del plugin.
