Description

1. Load the attached layer (municipiosAndal.shp)
2. Set the layer active.
3. Open its attribute table.
4. Sort ascending by the field "name". Write down the first few values.
5. Run the Locator by attribute tool.
6. Select the field "name".
7. Click on the "Value" combo and check that some of the values are missing.

Associated revisions

Revision 42443 - 11/02/2015 11:12 AM - Daniel Martinez

refs #3005 Fixed bug: removed restriction to don't show more than 200 elements in combobox. Improved comparator to compare correctly accented strings.
