#### Description

There were some very useful tools in the org.gvsig.topology experimental extension of gvSIG 1.x, such as the "Spatial adjust" one for vector georeferencing. It would be very useful to migrate them (or part of them) to gvSIG 2.1/2.2.

#### History

#1 - 02/06/2019 12:00 AM - Álvaro Anguix

- Status changed from New to Outdated

In gvSIG 2.5 we have a new topology framework.
