| <b>Add-on version:</b>  |           |                                |           |
| <b>Description</b>  |           |                                |           |
| Increasing the size of the layer properties text area would enhance its usability, avoiding the need of scrollbars. See the screenshot in attachment. |           |                                |           |
