| Description   |          |                         |           |
| It would be nice to have the exaggeration factor reported in the 3D view statusbar (not only in View properties) in order to have more control on it. |          |                         |           |
