Description

Cuando exportamos un fichero LiDAR .las a formato .shp salta un error y no se exporta bien.

Adjunto gvSIG.log

When we export a LiDAR file (.las) to .shp format we get an error and it's not exported correctly.

I attach gvSIG.log file.

- Status changed from New to Closed

En build 2923 funciona correctamente (en el anterior no funcionaba, con lo que parece que se ha solucionado el problema)
