Description

Open gvSIG
Click New in Table of Project manager
Click Add
Select "Alicante_Cultivo_ICV_SHP2d.dbf" file (
http://downloads.gvsig.org/download/geodata/vector/SHP2D/Alicante_Cultivo_ICV_SHP2d.zip)
Click Open
Click ok
Click on 'Start edition' in 'Table' of menu bar
Done some changes in our table (like change some numbers in color number)
Click on 'Finish edition' in 'Table' of menu bar
Click [x]
The last step (click [x]) should cancel the option 'Finish edition' and we should be able to continue editing our table, but after click [x] it is like the option 'Yes' that answer the question 'Would you really like to save?'
